About Prabhudesai Institute

Prabhudesai Engineering Classes, established in 2009 by Prof. Swapneel Prabhudesai, was founded with a motive to define coaching in a completely refined way.

Through the last 16 years, the institute has shaped the careers of over 16,000 students, making them successful engineers. In 2017, we took a step forward to reach out and impart coaching to Engineering and Medical aspirants by launching a new division - PRABHUDESAI TUTORIALS, at three branches in Pune city.

Today, Prabhudesai Tutorials, has Seven branches in Pune city and two branches in Ratnagiri city, with an experienced and dedicated team, all working on perfecting a student's learning process through innovative methods.

We invest extensively in structured planning, quality teaching and thorough assessment methods.

Our Directors

Prof. Swapneel Prabhudesai pursued B.Tech in Production engineering from VIT. He was working with engineering colleges namely Modern COE, PVPIT, RCOE as a Mathematics professor, but his penchant for teaching made him create, Prabhudesai Engineering Classes in 2009 & Prabhudesai Tutorials in 2017.

In his fifteen years of teaching experience, he has taught almost 16 thousand students. Besides his excellent teaching skills, he is known for his sound understanding of administrative issues.

He has wide teaching experience in 11th, 12th Science, JEE and Engineering.

Prof. Prateek Bhadsawale completed B.E. in Mechanical Engineering from Pune University.

He has been an integral part of Prabhudesai Tutorials since 2018. Currently, he is Director of PT and he also heads the Department of Academics.

Within a short teaching span, he has become a favourite among all students due to his unique teaching style.
